

A new opportunity for African-American men
at Lakeland Community College

Pathfinders' Program

**Open the door to
new career pathways**

The **Pathfinders' Program** is geared to the needs of African-American men who are interested in starting a college education. The program is currently recruiting men to form a learning community that will involve:

- Taking one of your classes together as a group your first semester.
- Attending bi-weekly activities featuring guest speakers who will address career planning, college success, and job search issues.

The Men's Center staff will assist candidates in obtaining financial aid and scholarships. At the end of the semester, the Center will help participants to fine-tune their educational and career goals.

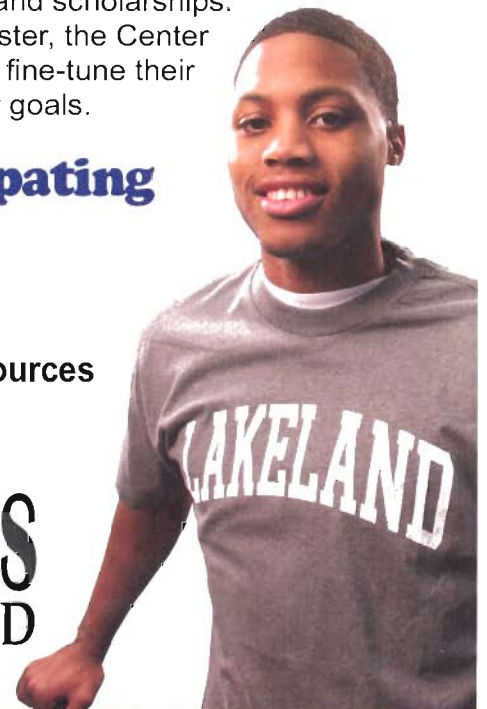

Enrolling now!

Among other benefits for men participating in the Pathfinders Program:

- Increased chances of academic success as a student
- Special connections to other Lakeland and community resources
- Job search assistance and career planning

If you would like to find out more, please call the Men's Resource Center at 440-525-7447 or email: jshelley@lakelandcc.edu. We are currently meeting with individuals who are interested in enrolling.
