

Lifeline, Inc.

Diabetes Assistance Program

- Customers meeting income requirements can receive a diabetes testing kit that includes: a meter, 100 test strips, lancets, alcohol swabs and glucose tablets. Syringes are also available if required.

- Customers will be instructed in proper use of the meters by the pharmacists at CVS Pharmacy.

- Under certain circumstances, customers can be referred to Lake Hospital System's Diabetes Care Center for diabetes education classes.

54 S. State Street Suite 309 * Painesville, OH 44077
Phone: (440) 354-2148

The Diabetes Assistance Program is generously provided by CVS Pharmacy, Bikers Aiding Local Diabetics (BALD) and through private donations.
