

Lifeline, Inc.

Health Programs

Prescription Assistance Program

Lifeline can help customers obtain necessary prescription medication once per year. In addition, case managers can help customers needing maintenance medications apply for long-term assistance through various pharmaceutical company discount programs. Applicants must be Lake County residents and meet income guidelines.

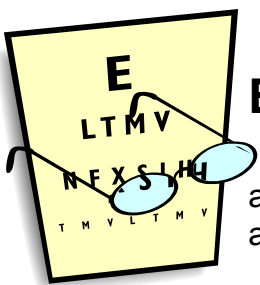

Medical Services Assistance Program

This program allows customers to receive assistance paying for medical services including blood tests, mammograms, ultrasounds on a referral basis. Referrals must be obtained by the Lake County Free Medical Clinic, the Family Planning Association and various other healthcare administrators in Lake County.

Diabetic Assistance Program

This program allows diabetic patients to receive financial assistance in obtaining diabetic supplies, which may include a meter, test strips, syringes, lancets, alcohol swabs and glucose tablets. Customers will be instructed in proper use of the meters by the pharmacists at CVS Pharmacy. Under certain circumstances, customers can be referred to Lake Hospital System's Diabetes Care Center for diabetes education classes.

Eyeglass Referral Program

Through this program, customers can complete the necessary paperwork for assistance with eye exams and eyeglasses. Applications are then forwarded to appropriate community resources.

54 S. State Street Suite 309 * Painesville, OH 44077
Phone: (440) 354-2148

Lifeline's health programs are funded through the Ohio Department of Development,
the United Way of Lake County, the CVS Foundation Bikers
Aiding Local Diabetics and the Western Reserve Junior Service League.
